

Annual Report 2021: Summary of actions

EETT has published its "[Annual Report 2021: Summary of actions](#)" which briefly presents the authority's work throughout the year. In 2021, EETT as the regulatory authority and competent competition authority for the electronic communications and postal services markets, carried out key actions and interventions, ensuring the proper functioning of the two markets and the optimal utilization of the radio spectrum. At the same time, EETT developed initiatives for the benefit of consumers and implemented informative actions to increase their awareness.
