

# **Launch of public consultation: NGA bottom-up technoeconomic model for the prices of L2 WAP products of Leased Lines and OKSYA/SYMEFS services**

The National Telecommunications and Post Commission is launching a public consultation on defining the principles, methodology and modification of EETT's NGA bottom-up technoeconomic model for determining the prices of L2 WAP products of leased Lines and OKSYA/SYMEFS services.

The consultation document is available through the following link:

[Public Consultation on defining the principles, methodology and modification of EETT's NGA bottom-up technoeconomic model for determining the prices of L2 WAP products of leased Lines and OKSYA/SYMEFS services \(available in greek\)](#)

The National Telecommunications and Post Commission is seeking the views and comments of users, and stakeholders on the proposed document. The consultation period is from 14/10/2022 to 15/11/2022. The responses should be submitted stating the author's details and affiliation, in Greek or English language, in electronic format, no later than 15/11/2022. Anonymous responses will not be taken into consideration. The responses will be published unedited. In case the responses contain confidential information, this should be placed in a special Annex, so that they will not be published.

The responses to the public consultation should be marked as

follows:

*Public Consultation on defining the principles, methodology and modification of EETT's NGA bottom-up technoeconomic model for determining the prices of L2 WAP products of leased Lines and OKSYA/SYMEFS services.*

Responses should be submitted at the following address:

Email: [LL-BU-model@eett.gr](mailto:LL-BU-model@eett.gr)

During the public consultation process, explanatory answers will be provided by EETT in response to interested parties' questions. These questions should be submitted only through the electronic mail address [LL-BU-model@eett.gr](mailto:LL-BU-model@eett.gr) and should include the author's details and affiliation.

The public consultation document is not binding on the forthcoming EETT regulatory actions on this matter.
