

# **Public Consultation on the Open Tender Draft Document for the Project “Procurement of Unmanned Aerial Vehicles where portable spectrum monitoring equipment will be installed”**

**6/8/2020**

Hellenic Telecommunications and Post Commission (EETT) will conduct an Open Tender for the Project “Procurement of Unmanned Aerial Vehicles where portable spectrum monitoring equipment will be installed”. The tender will be conducted in accordance with the open procedure of article 27 of law 4412/2016, using the platform of the National Electronic Public Procurement System (ΕΣΗΔΗΣ).

The object of the tender is the procurement of

1. Four (4) Unmanned Aerial Vehicles (hereinafter: “UAV”) with the respective ground control stations and all the necessary equipment and software. On the four UAVs, the Contractor will install spectrum monitoring equipment, which will be delivered by the Contracting Authority and which will be fully and transparently remote controlled from the ground, by workstations that will be offered by the Contractor in the framework of this Project. Spectrum monitoring software will be

- delivered by the Contracting Authority.
2. One (1) remote controlled UAV, which will carry a high-resolution photo-video camera, with the respective ground control station and all the necessary equipment and software.
  3. Theoretical and practical training services (according to the existing National Regulations) for the acquisition of a UAV pilot license. The training must be provided by a certified training center, which will also undertake the support of the licensing procedures.
  4. Maintenance and support services for both the Warranty Period and the Maintenance Period (five (5) years after the end of the Warranty Period).

This is the Subproject 4 of project “Development of an innovative Extended Spectrum Monitoring System for boosting entrepreneurship in the electronic communications sector” which is part of the Operational Program “Competitiveness Entrepreneurship and Innovation (ΕΠΑνΕΚ) 2014-2020” and is co-financed by national resources and the European Regional Development Fund (ERDF) of the European Union.

Hellenic Telecommunications and Post Commission (EETT) is launching a public consultation on the Open Tender Draft Document for the Project. The Open Tender draft Document is available through the [EETT web site \(in Greek\)](#).

Interested parties are invited to submit their remarks on the draft tender document and in particular on the following issues:

- terms for participation in the tender,

- award criteria,
- tender procedure,
- technical specifications,
- terms of the contract,
- budget and project timeplan.

Responses must be submitted stating the respondents' details and affiliation, in Greek or in English, electronically through ΕΣΗΔΗΣ, within 40 days of the posting of the Public Consultation on ΕΣΗΔΗΣ site.

Any anonymous responses will not be considered. Responses will be published unedited. In case that the responses contain confidential information, they should be placed in a special Annex, so that they will not be published.

In any case, EETT's obligation to maintain confidentiality does not affect its responsibility to make available the information that is necessary for the performance of its tasks or where this is required under a control carried out by Greek or Community authorities.

Participants in public consultations of EETT are aware and agree that any personal data mentioned in their response may be published together with their reply. About the Privacy Policy of EETT, please visit [EETT Privacy Policy](#).

The responses to the public consultation should be marked as follows: Public Consultation on the EETT open tender Draft Document for the project "Procurement of Unmanned Aerial Vehicles where portable spectrum monitoring equipment will be installed".

During the public consultation process, explanatory answers will be provided by EETT in response to interested parties' questions. These questions should be submitted electronically to the e-mail address [sefe@eett.gr](mailto:sefe@eett.gr) and should contain the interested parties' details and affiliation.
