

Public Consultation on the Open Tender Draft Document for the Project “Procurement of Handheld Spectrum Analyzer Systems”

Hellenic Telecommunications and Post Commission (EETT) will conduct an Open Tender for the Project “Procurement of Handheld Spectrum Analyzer Systems”. The tender will be conducted in accordance with the open procedure of article 27 of law 4412/2016, using the platform of the National Electronic Public Procurement System (ΕΣΗΔΗΣ). Object of the tender is the procurement of handheld spectrum analyzer systems, as well as the provision of training services to Contracting Authority technicians in the use of equipment and maintenance, and support services for the warranty period.

This is the Subproject 3 of project “Development of an innovative Extended Spectrum Monitoring System for boosting entrepreneurship in the electronic communications sector” which is part of the Operational Program “Competitiveness Entrepreneurship and Innovation (ΕΠΑνΕΚ) 2014-2020” and is co-financed by national resources and the European Regional Development Fund (ERDF) of the European Union.

Hellenic Telecommunications and Post Commission (EETT) is launching a public consultation on the Open Tender Draft Document for the Project. The Open Tender

draft Document is available through the
EETT
[web site](#)

(in greek).

Interested parties are invited to submit their remarks on the draft tender document and in particular on the following issues:

- terms for participation in the tender,
- award criteria,
- tender procedure,
- technical specifications,
- terms of the contract,
- budget and project timeplan.

Responses must be submitted stating the respondents' details and affiliation, in Greek or in English, electronically through ΕΣΗΔΗΣ, within 15 days of the posting of the Public Consultation on ΕΣΗΔΗΣ site.

Any anonymous responses will not be considered. Responses will be published unedited. In case that the responses contain confidential information, they should be placed in a special Annex, so that they will not be published.

In any case, EETT's obligation to maintain confidentiality does not affect its responsibility to make available the information that is necessary for the performance of its tasks or where this is required under a control carried out by Greek or Community authorities.

Participants in public consultations of EETT are aware and agree that any personal data mentioned in their response may be published together with

their reply. About the Privacy Policy of EETT, please visit [EETT Privacy Policy](#).

The responses to the public consultation should be marked as follows: Public Consultation on the EETT open tender Draft Document for the project “Procurement of Handheld Spectrum Analyzer Systems”.

During the public consultation process, explanatory answers will be provided by EETT in response to interested parties’ questions. These questions should be submitted electronically to the e-mail address sefe@eett.gr and should contain the interested parties’ details and affiliation.
