

Registration procedure for providers

To register to the [registry of trust service providers](#), you must submit an [application](#) to EETT, along with the required supporting documents.

If the application concerns the provision of qualified trust services, you must submit it together with a conformity assessment report issued by an accredited Conformity Assessment Body.

Information about essential documents and the registration procedure is included in the [Regulation on the provision of trust services](#) issued by EETT. You must inform EETT about any changes in the information stated in the above-mentioned application.

Fees

For the processing of your application, you are required to pay a registration fee of 300 euro to EETT. In addition, you are required to pay a fee of 100 euro within the last quarter of each year.
