General Notes

- The use of any Radio communication equipment during the operation of the Scheduled or non Scheduled Short Term Event requires compliance with the Greek Legislation and the rules of the National Telecommunication and Post Commission (EETT). EETT is the National Regulatory Authority, which supervises and regulates the telecommunications market.
- EETT is the competent authority for spectrum management, frequency assignment, and spectrum monitoring / enforcement and will assign, manage and monitor the radio frequencies during the Scheduled or non Scheduled Short Term Event.
- All potential users of radio communication devices should submit their requests to EETT by completing the attached form. Deadline for submission is 20 days before each event first competition day.
- The submission of an application form for a license does not permit the operation of the equipment nor, indicate that a license will be issued.
- In case, EETT is unable to assign the requested frequency, suggestions for alternative frequencies, if available, will be made.
- All radio communication devices used should be CE marked.
- Assignment of frequencies will be performed on a first-come first-served basis.
- The cost for any temporary license issued for a maximum period of 2 months is 300 Euros per frequency per area of use except for SNG, which is 1000 Euros per station. All payments will be forwarded to the following bank account of EETT:
