

AGENDA Day 1: Symposium – Industry Event

Tuesday 2nd September 2025

09:30 - Welcome address from EETT

09:40 - Athanasios Potsis: President of the HELLENIC ASSOCIATION OF SPACE INDUSTRY,
“Hellenic Space Ecosystem - Capabilities and Future Challenges”

Session 1: Satellite Monitoring		
Time (EEST)	Title	Speaker
10:00	Revolutionizing satellite communication monitoring for the new space era.	Erwin Greilinger, EVIDEN
10:15	Regulating Satellite Constellations: ITU Compliance.	Álvaro Sánchez, INTEGRASYS
10:30	Developments in the field of digital ground stations and their impact on satellite spectrum monitoring.	Rob Rideout, ARKA
10:45	Spectrum Sustainability, a Satellite Operator Approach.	George Setakis, HELLAS SAT
11:15 – 11:45	Coffee Break	
Session 2: Monitoring NGSO satellites techniques		
Time	Title	Speaker
11:45	Monitoring NGSO constellations latest progress.	Emmanuel Houdet, KRATOS
12:00	Spectrum Monitoring ... more S3A than RFI !	Martin Coleman, SATCOMS INNOVATION GROUP
12:15	Conjunctions in the RF Spectrum: Learning from an RF Measurement Campaign of LEO Objects.	Valentin Eder, SPACE ANALYSES GMBH,
12:30	Advances in LEO Satellite Monitoring and QoS for Direct to Cell (D2C).	Gunnar Zigan, ROHDE & SCHWARZ GMBH & Co.
12:45	Crowded Skies: Safeguarding the RF Spectrum in the Age of Satellite Constellations.	Radim Badsj, GROUNDSPACE
13:15-14:45	Lunch Break	

Session 3: Monitoring from Above		
Time	Title	Speaker
14:45	Drone based Geolocation Solution to Detect and Locate Sources of Interference.	Rico Behlke, QUADSAT
15:00	PHASMA: Monitoring the Electromagnetic Spectrum from Above.	Manolis Surligas, LIBRE SPACE FOUNDATION
15:15	AEROSPACELAB's RF monitoring mission objectives, achievements, and future perspectives.	Thibault Bertrand, AEROSPACELAB
15:30-16:00	Coffee Break	
16:00	Securing the RF Spectrum by using the full potential of Space and Ground based Spectrum Monitoring.	Stephan Roemer, BD SATCOM & NAVIGATION, OHB GROUP,
16:15	Research progress in space-based monitoring of small signals.	Meiying Wei, STATE RADIO MONITORING CENTER (CHINA)
16:30	CleanWaves initiative at ESA: towards spectrum sustainability.	Frank Zeppenfeldt, ESA
16:45	Announcements - End of meeting	
18:30	Social Event
