

Name & Organisation

Gunnar Zigan, Rohde & Schwarz GmbH & Co. KG

Presentation title

Advances in LEO Satellite Monitoring and QoS for Direct to Cell (D2C)

Abstract

This talk discusses advances in LEO satellite monitoring to keep pace with the growing number of constellations and satellites and the need for coverage measurements and QoS evaluation.

Short bio

Gunnar Zigan has driven product management efforts for Spectrum Monitoring Systems since 2023. In this role, he is responsible for developing innovative solutions to meet evolving market needs. He holds a B.Eng. degree from the University of Applied Sciences Landshut and complemented his technical foundation with a MBA from Hochschule München, Germany.
